### Webinar Topics:

- (1) Business Plan Development – this would be FR planning/business planning combined - *Wendy to start on getting speakers for this first*
- (2) Public Relations/ media training – branding & outreach events – Need volunteer – *Matt to talk w/ Chris Horton?*
- (3) Organizational Strategies for FHP Success -- creating stronger organizations (*Diane & Wendy to discuss*)

### **River Network Next Steps:**

---

1. Goals for coordinator groups are to help individual coordinators do their work on the ground/ write up directions/expectations/ for all four groups.
2. Talk to person in the group who will be asked to lead.
3. Calendar webinar dates and peer-group meetings
4. Announce draft webinar schedule to participants and announce peer groups. Invite others who did not sign up.
5. Help leaders initiate and hold first meetings
6. Develop content and line up volunteer to present at webinars

### **Other follow-up needs:**

---

- Decide how to provide incentives/recognition at the fall NFHP Board meeting.
- Face-to-face meeting/annual training
- Steering Committee training (or maybe a manual?)
- “How to be a good FHP coordinator”
- Engaging landowners training, samples.
- Expertise list of those people in the FHP network.
- Ideas for tech tools to help host webinars, video calls, etc (Go-To Meeting, etc.)
- What coordinators do/shouldn't do - document/convo/...
- Legal sideboards for using federal \$\$
- ID ways to work together, e.g. quarterly coastal newsletter
- Case studies – what works and doesn't (some examples on GI in Oregon)
- 501©3 pros and cons
- We want to use this network to help groups contribute towards a scorecard or method of showing nationwide impact of FHPs. *Tom maybe following up with Ryan Roberts-*

**NRCS Water Quality Initiative** Not an ongoing group. Make this a phone call and possible Webinar.  
*Wendy to ask Todd and Chris to lead.*
